OUR CREDIT MARKET AND MORTGAGE INDUSTRY NEEDS HELP.

MIKE ROGERS FOUGHT TO MAKE SURE IT'S DONE RIGHT

BIG BAILOUTS WILL ONLY HURT.

- Mike Rogers **does not support a bail out of Wall Street executives**, sticking average Americans with the bill. Borrowing billions from foreign governments, and taking a significant risk with taxpayer's hard- earned money only makes for a more uncertain future.

MIKE ROGERS BELIEVES WE MUST:

- **Increase the home mortgage tax deduction.** At a time when many American's are struggling to pay their mortgages it makes sense to help American's meet their obligations. Increasing the mortgage tax deduction would provide a direct helping hand to every American homeowner.
- **Increase the FDIC insurance** to protect savings.
- **Provide direct assistance to struggling financial institutions** allowing credit to flow without costing taxpayers who are struggling to pay their own bills.
