

MIKE ROGERS

IS COMMITTED TO REPEALING OBAMACARE

- ☆ An outspoken conservative leader
- ☆ 100% rating from the National Right to Life Committee
- ☆ 90% lifetime rating from the American Conservative Union
- ☆ "A" rating from the National Rifle Association (NRA)

Mike already voted once to repeal ObamaCare, and he'll keep fighting to repeal this damaging law. ObamaCare is bad for America because:

- ✘ ObamaCare would add hundreds of billions to our debt
- ✘ It makes it harder for small businesses to hire workers by creating countless new government mandates and red tape
- ✘ It hurts our economy by adding enormous costs and uncertainty to private-sector job creators.

AMERICA NEEDS MORE PEOPLE LIKE MIKE ROGERS TO STAND UP AGAINST WASTEFUL SPENDING AND DEBT. For too long politicians have allowed laws like ObamaCare to pass that have damaged our economy and thrown the country into further debt. Mike will work to repeal these laws and replace them with a solution to get the economy moving and curb wasteful spending.

FIGHTING TO LOWER THE DEBT AND SAVE OUR ECONOMY

"ObamaCare has made health care more expensive and millions of Americans will lose their employer health coverage, in spite of President Obama's empty promise that you can 'keep the plan you like.' This law will cost \$2.5 trillion in new government spending, which will explode our already record-high budget deficit and debt."
