

KL Connects YOU.....

Content Collaboration Community

Kresge Library's new wireless network "Wi Fi" connects YOU to the world of **INFORMATION** and **RESEARCH**

The wireless network gives you:

- Ability to work collaboratively with others
- Mobility to study anywhere
- Flexibility to use the internet near other library resources
- Portability to work where it's convenient and comfortable

All you need is a computer with a 802.11b wireless card, and you can begin research the Web and accessing the KL

#1
After launching your browser, you will see the following screen:

Oakland UNIVERSITY

GrizNet Network Authentication

Username

Password

Please provide your OUCA ID and password to access this network.

#2
Enter your Oakland University e-mail address (without @oakland.edu) and your e-mail password.

#3
A second browser window will open, which is used to disconnect you from the network when you are all finished.
